Components Included

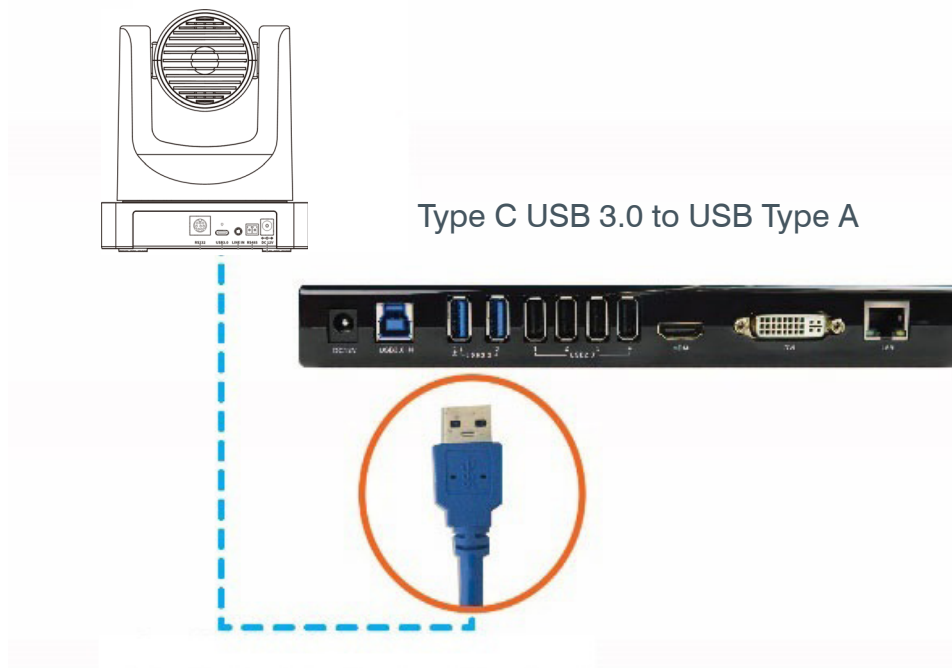

The COLLABORATE VERSA 160 includes the UNITE 160 4K Camera, CHAT 150 group USB speakerphone, VERSA hub.

COLLABORATE Versa 160

No	Description	Products
1	910-3001-100 VERSA Hub, USB 3.0 Cable Type B to Type A, 3ft, Power supply, DVI - VGA adapter	
2	910-2100-012 UNITE 160 4K camera, Power supply, USB 3.0 Cable Type C to Type A, 5ft	
3	910-156-200 CHAT 150 with USB 2.0 Type Mini B Female to Type A.	

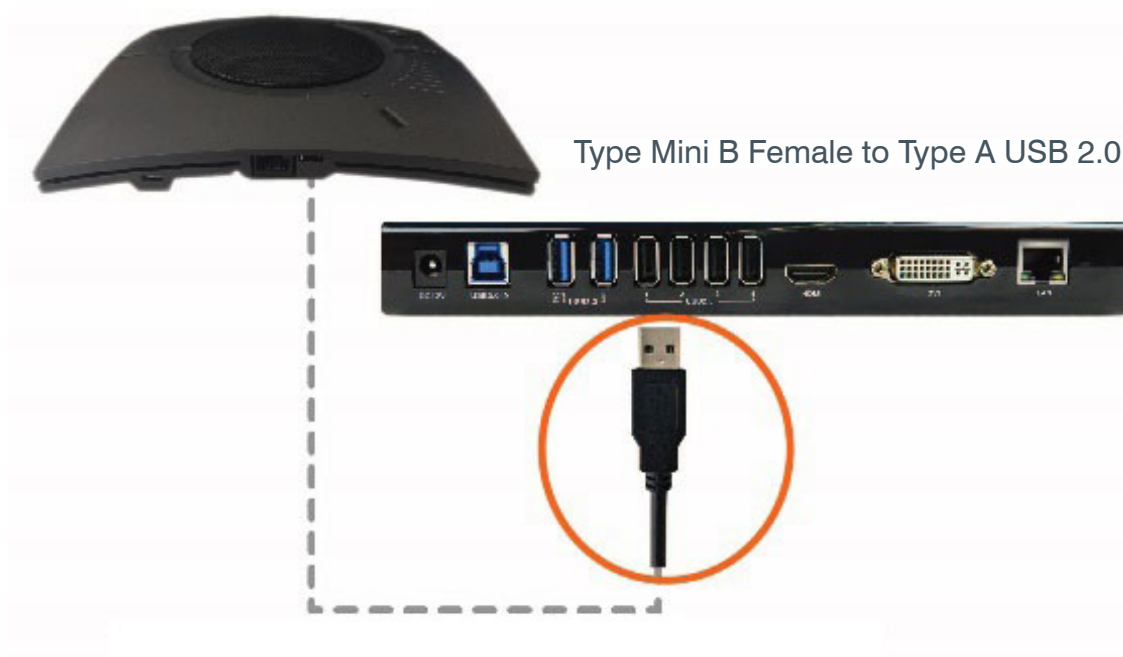

Connecting USB to Camera

Connect the UNITE 160 camera to a USB 3.0 type A port on the VERSA hub.

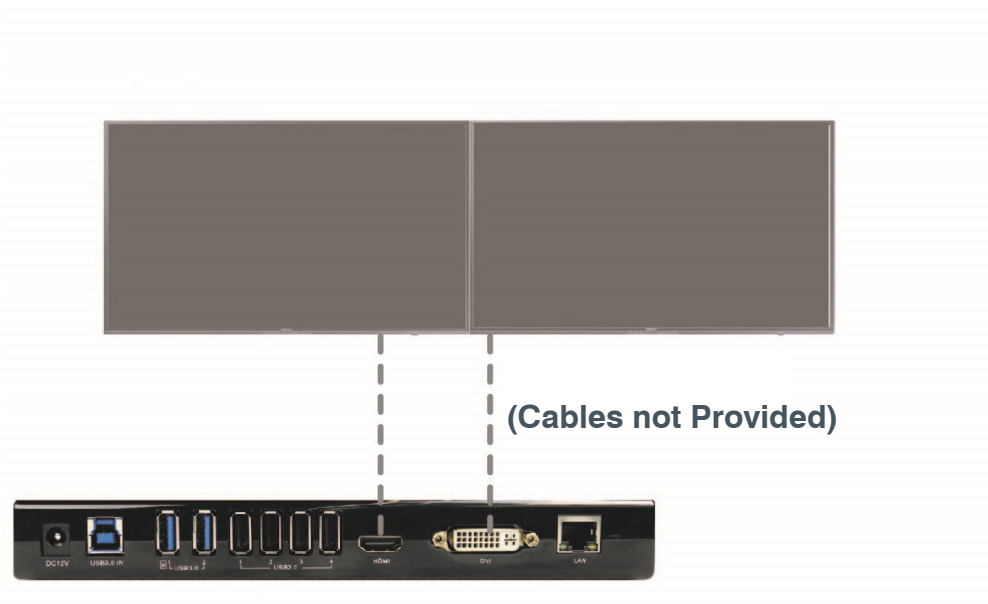

Connecting USB to Speakerphone

Connect the CHAT 150 speakerphone to a USB 2.0 port on the VERSA hub.

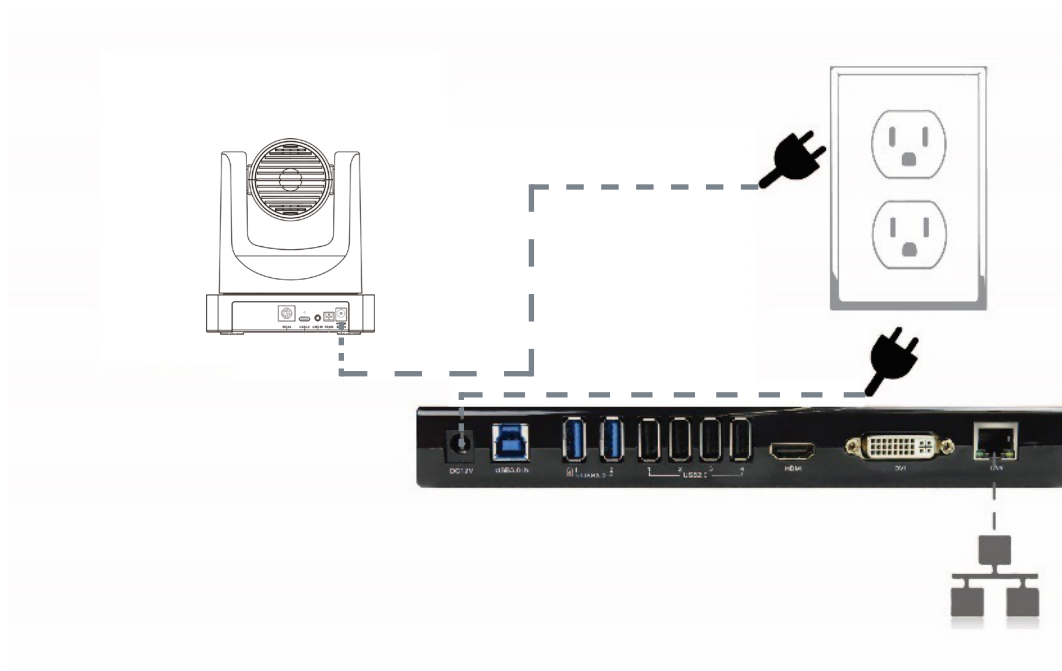

Connecting Versa hub to Display

Connect up to two room displays to a DVI and HDMI output port on the VERSA hub.

Connecting Versa hub and Camera to Power Supply

Connect the camera and VERSA hub to a power supply. Connect the VERSA hub to the network (optional), if the laptop needs network connectivity.

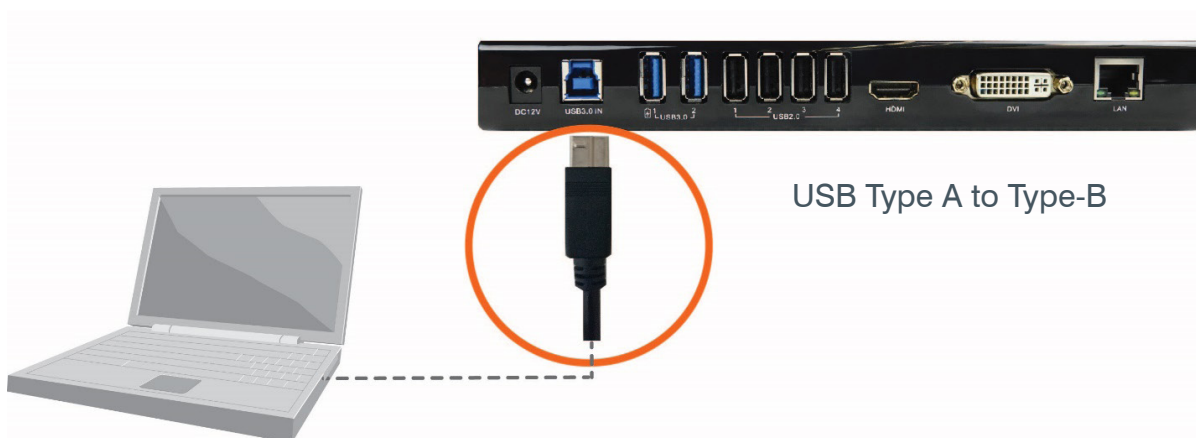

Configuring

To cast a laptop screen onto display via USB 3.0, install the DisplayLink driver (one time installation) on the laptop. Use the CD provided in the package, or download the driver from:

<http://www.displaylink.com/downloads>

 **Note:** If a Windows 10 laptop comes with the DisplayLink driver pre-installed, it does not need to be installed separately. The VERSA hub has been tested with DisplayLink driver version 8.2.1999.0.

Connect your laptop to the USB 3.0 type B port on the VERSA hub.

For detailed information regarding the CHAT 150 or UNITE 160 4K, refer to the appropriate documentation on the ClearOne website:
