SUPERIOR
HANDS-FREE
AUDIO FOR
SKYPE CALLS

APPLICATIONS

Perfect for:

- + Small Conference Rooms
- + The Office
- + SOHO

Skype:

- + Incoming calls ring on the CHAT 160
- + No headset wires or discomfort
- + Plug-and-play operation

Other devices or applications:

- + Internet phone applications
- + Instant messaging applications
- + VoIP softphones
- + Enterprise telephones
- + Web conferencing
- + Audio playback
- + Desktop video conferencing

ADVANTAGES

Provides high quality speakerphone capabilities on PCs or laptops:

- + Connect the CHAT 160 to PCs and laptops via USB for hands-free, full-duplex audio with Skype
- + Hands-free flexibility and comfort:
 - > Move around freely without being tethered with a headset
 - > Avoid discomfort caused by prolonged headset use
 - > Easily includes groups of participants on Skype calls
- + Replaces the PC's speakers and microphone with a high-quality, full-duplex audio solution
- + True plug-and-play operation
- + Crystal-clear audio for video conferencing and streamed multimedia content
- + Sleek industrial design complements the professional environment of any office or meeting room

Enjoy crisp, clear audio:

- + Advanced HDConference™ audio processing technologies deliver remarkably rich, full audio for natural, effortless conversations:
 - > True full-duplex performance allows users to listen and speak at the same time without audio cutting in and out
 - > Distributed Echo Cancellation™ eliminates acoustic echo
 - > Noise reduction identifies and removes ambient room noise
 - > First mic priority turns down the microphones that are not in use
 - > Advanced automatic level management automatically adjusts microphone levels
- + Three built-in microphones provide full 360-degree coverage up to 8 feet from the speakerphone
 - > Easily manage audio for 1-6 call participants
 - > Provides rich audio from the far side participants
- + Full bandwidth frequency response delivers better audio
