

# COLLABORATE® Space

COLLABORATE Space is a powerful collaboration application with a full suite of audio, video, and meeting tools in a persistent space. Connect hundreds of users, unifying messaging, calling and meetings for cloud collaboration.

### Complete Collaboration

Collaborate one-on-one and in groups with integrated file sharing, searchable archives, and user presence information.

- > Collaborate one-on-one and in groups with integrated file sharing, searchable archives, and user presence information.
- > Connect with contacts and colleagues, via audio and video, with the most intuitive collaboration tools.
- > Meet now or schedule your meeting and access full suite of collaboration features including file sharing, recording, whiteboarding, annotation, chat and meeting minutes.
- > Create searchable public and private channels, organized by topic, that can be accessed from anywhere.
- > Search, access, and store all collaboration, from agendas and notes to messages and documents, from whiteboards to session recordings, and more.
- > Run on any device, from desktop to mobile, and on ClearOne or any standards-based video endpoint.
