

AccuMic™ | PC

Desktop Microphone

An echo-cancelling microphone for desktop and small room conferencing applications. AccuMic PC features ClearOne's industry-leading professional audio technologies. It connects directly to personal computers to provide affordable, high-quality audio for web-based video/audio calls and web conferences.

ClearOne.

CLEAR, FULL SOUND
FOR PC-BASED
CONFERRING

ACCUMIC PC APPLICATIONS

Personal Workstation

Executive Office

Small Office/Home Office

Small Conference Room

Medium Conference Room
(with 2 AccuMic PCs)

ACCUMIC PC ADVANTAGES

Superior Audio Performance

- + Distributed Echo Cancellation® effectively eliminates echo
- + Noise cancellation removes background noises from fans or HVAC systems
- + Wideband digital audio (50 Hz-7 kHz) enhances audio quality – matches video conferencing system bandwidth
- + Full-duplex sound enables participants to speak and listen at the same time without cutting in and out
- + First-mic priority eliminates hollow "tunnel" sound by activating only the microphone closest to the person speaking
- + Three microphones provide 360° audio pickup
- + Adaptive ambient mode prevents room noise from activating the microphone and adapts to changing noise levels
- + PA adaptive mode prevents loudspeaker audio from activating microphones to prevent feedback

Ease of Use

- + Plug and play design – simply plug into PC sound card and use
- + Works with PC or Macintosh for dramatically improved audio
- + Hands-free operation of desktop microphone eliminates the need to use handset during long conference calls
- + Mute microphone with the push of a button for private discussions during a conference call

Expandability

- + Link an additional AccuMic PC for expanded coverage in larger rooms

> ROOM APPLICATIONS

Ideal for small group meetings from the desktop to the small/medium conference room

> INSTALLATION

Plug and play design – simply plug into PC sound card and use

Audio Technologies

Automatic gating control
PA adaptive mode
Adaptive ambient mode
Echo cancellation
Noise cancellation
First mic priority
NOM

Echo Cancellation

Tail time: 130 ms x 3

Noise Cancellation

6 dB attenuation

Frequency Response

50 Hz–7 kHz

Microphones

3 elements, each with 120-degree pickup range for 360-degree total pickup pattern

Microphone Out

3.5 mm plug
Nominal level: –23 dBu
Impedance: 100 Ohms

Visual Feedback Indication

3 LEDs that indicate direction of audio pickup

Mute Button

Mutes all mic elements

Speaker Reference In

3.5 mm plug
Nominal level: –23 dBu
Impedance: 200 Ohms

Speaker Reference Out

3.5 mm jack
Nominal level –23 dBu

Cable

20' (6.1 m) 10-pin mini-DIN to four-way breakout cable adapter:
Speaker Reference In plug
Speaker Reference Out jack
Power input
Microphone Out plug

A/D Conversion

24 bit, 16 kHz

Regulatory and Standards

FCC, CE, IC

Operating Environment

Temperature: 41–104° F (5–40° C)
Humidity: 50–80%

Storage Environment

Temperature: 41–158° F (5–70° C)
Humidity: 10–90%

Power

12 VDC, 2.5 A, 25 W, center positive

Dimensions (L x W x H)

8" x 6.5" x 1"
(20.3 x 16.5 x 2.5 cm)

Weight

1 lb (.45 kg)

Optional Extension Mic Kit

910-157-010 Includes AccuMic PC microphone and 10' (3 m) extension cable.

Part Number

910-157-001 AccuMic PC Desktop Microphone
