

SignMate²

SIGNAGE SOLUTIONS IN SMALL SPACES!

COMPACT FORM FACTOR
 Perfect for mounting behind displays!
 Also available with video pass through

OVERVIEW

The SignMate brings you the power of a high end media player and the ease of use of Aavelin with 1080p output in a small form factor design.

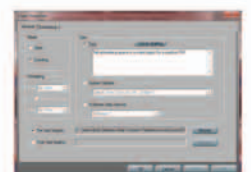

With the SignMate solution you can:

- Create your own announcements and messages.
- Incorporate text, graphics, ticker feeds, DivX and MP4 video clips, and Adobe Flash content.
- Manage your digital signage network from your PC.
- Schedule each piece of content to play anytime of the day.

A AVELIN COMPOSER IS OUR ALL-INCLUSIVE PROGRAM FOR DESIGNING, SCHEDULING, AND PROGRAMMING EVERYTHING RELATED TO YOUR CONTENT.

▲ Multiple design options with easy object property interfaces

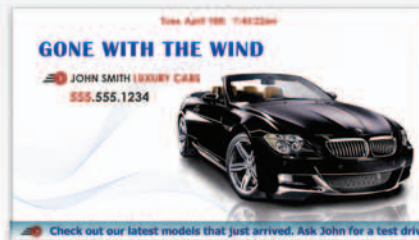

▲ Four independent crawl regions for displaying text, graphics, weather, or RSS

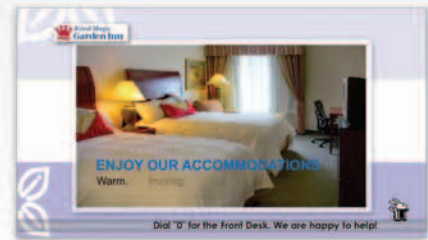

◀ True-type font support makes sophisticated page design easy

SMALL SIZE, BIG RESULTS

This player has what it takes to deliver the same performance that the Avelin name has represented for years.

The SignMate supports:

- 4 Overlay Regions for static or crawling text
- Smooth playback of hi-def(720p) mp4 video clips & Flash video.
- Maximum output resolution of 1080p (1920x1080)
- Multiple image formats such as, JPG, BMP, PNG, and GIF

MORE CONTENT TO FIT EVERY NEED

The SignMate comes bundled with our basic Avelin Composer software for creating and scheduling general content.

With Avelin Composer, you can:

- Create full screen announcements for those important events
- Easily manage and include advertisements
- Add enriching multimedia content including live video from a video feed.
- Superimpose the date and time to help the viewer find relevance in the information being displayed
