

Exceed Your Expectations - Guaranteed!

You'll love the new-found freedom and clean appearance of the Wireless Microphone System with the **Beyond-Your-Money-Back Guarantee**.

We're so certain our new wireless mic solution will change the way you think about professional microphones, we're backing it up with a money-back guarantee - and beyond.

If the power and performance of your wireless system installation doesn't meet your requirements within 10 days after installation, we'll give you \$500 per ClearOne wireless mics project (from 4 channels up to 32 channels).

The WS800 Digital Wireless Microphone System is optimized to connect with CONVERGE Pro and INTERACT Pro products and perfectly complements ClearOne's professionally installed audio conferencing product lines. The microphone system uses radio-frequency digital wireless signal transmission technology with highly secure encryption.

Receiver (Basestation)

Charging/Docking Station

Tabletop Microphone

Gooseneck Microphone

Handheld Microphone

Beltpack Transmitter-lavalier and headset
