

A complete conference room solution with flexibility in mind; delivering exceptional audio quality at an affordable price.

Customize your solution with multiple microphones and speaker options, direct connection to enterprise telephones, USB audio, a room controller, plus the ability to connect to rich-media systems.

INTERACT AT MIXER
Provides advanced audio processing for superior sound quality.

INTERACT MIC
Each pod features three voice-activated mic elements for 360° audio pickup.

INTERACT COM
Provides an interface to telephone sets via the headset port or to PC audio via a USB port.

CLEARONE LOUDSPEAKERS
Ceiling or wall-mount options provide premium sound. Also available without speakers for custom speaker options.

INTERACT MIC EX
Each box contains three industry standard XLR microphone connectors. Boxes are daisy-chained from mixer using standard RJ-45 cables. Boxes can be rack-mounted with mixer or strategically positioned throughout a room to minimize microphone cable runs.
