

COLLABORATE Pro is a series of low-cost room appliances, audio endpoints and PTZ cameras, containing a flexible mix of built-in solution tools for any type of group-room collaboration, including: traditional video conferencing, audio conferencing, Skype for Business, Spontania cloud video & web conferencing, recording and streaming, and wireless presentation.

These powerful tools provide a variety of applications for any group activity: team collaboration, meeting, lecture, presentation, training, corporate communication, product launch, and more...

### Traditional & Cloud Video Conferencing

- + SIP/H.323 videoconferencing with data sharing at 1080p quality through wireless or HDMI
- + Skype for Business with contacts, presence, P2P and multi-party calls (voice switching mode), join meeting, screen sharing wirelessly or via HDMI, dual display
- + Spontania video collaboration meeting with up to 25 participants joining from PC, mobile devices and room endpoints

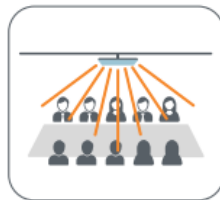

### Multi-user Wireless Presentation

- + Wireless presentations from your device at 1080p—in-room or during call
- + Up to 6 presenters sharing at the same time
- + Video streaming from your device to meeting room displays with audio coming through the room's sound system
- + Record presentations and collaboration sessions

### Audio Conferencing

- + Pro audio includes the Beamforming Mic Array and CONVERGE<sup>®</sup> Pro 840T mixer with built-in telephone interface. The combination provides unmatched sound, replacing 10 traditional microphones with twice the pickup range.\*
- + UC audio includes the popular CHAT<sup>®</sup> 150C speakerphone and CHATAAttach<sup>®</sup> speakerphone for huddle and medium-size rooms.

### Recording & Live Streaming

- + Capture all voice, video and data content
- + Record and stream presentations, meetings, conferences, lectures, trainings, and more to participants in remote locations or overflow rooms.
- + Local or external storage
- + Stream via unicast or multicast

\*Beamforming Mic and CONVERGE Pro only for COLLABORATE Pro 900
