

USB HID support license for VIEW Pro decoder (one time license per unit) enables connecting an HID (Human Interface Device) compliant keyboard & mouse to the decoder.

The decoder extends local HID control to the USB keyboard and mouse ports of a video source connected to a VIEW Pro encoder.

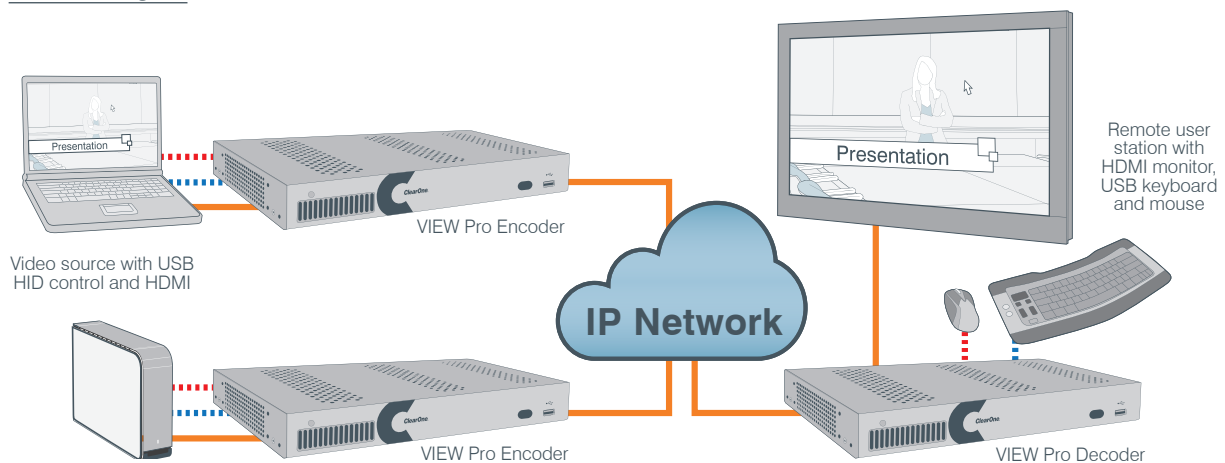

## Applications

- + Meeting rooms
- + Boardrooms
- + Classrooms
- + Training rooms
- + Command & Control Centers

## Features

- + Works with all VIEW Pro encoders and decoders
- + Simplifies installation
- + Reduces administration overhead
- + Remotely configure video source devices and select content
