ORDER

Plaintiffs filed a motion for preliminary injunction & limited temporary restraining order. (D.I. 153). The Magistrate Judge issued a Report & Recommendation (D.I. 176) recommending that the request for the limited TRO be denied. I dismissed the objections to that Report as moot. (D.I. 410). The Magistrate Judge has recently issued another Report & Recommendation (D.I. 400) recommending that the request for a preliminary injunction be denied. No objections to it have been taken.

Thus, the Report & Recommendation (D.I. 400) is **ADOPTED**. The motion for a preliminary injunction (D.I. 153) is **DENIED**.

IT IS SO ORDERED this 8 day of February 2021.
